SERIES HOMEOPATHIC

# DESBIO SYMPTOM RELIEF

SERIES HOMEOPATHIC

## Welcome to the DesBio SSR (SERIES SYMPTOM RELIEF) PROGRAM

### How does this program work?

Welcome to the DesBio SSR (*Series Symptom Relief*) Program. This homeopathic program is designed to support the immune system by helping you temporarily relieve symptoms associated with chronic infections. Unlike other chronic infection programs that simply work by strengthening the immune system, this program works by providing specific homeopathics that are tailored to individually address symptoms of some of the most common infectious agents. The result is a multi-faceted protocol that is completely customized to meet your needs.

The has five essential components:

- 1) Comprehensive Homeopathic Detox Kit**
- 2) Two SSR Kits**
- 3) SmartSilver**
- 4) Liposomal Vitamin C**
- 5) HerXX and/or Series Plus Remedy**

Utilizing all five of these components is necessary for your comfort and success during this protocol. After completion of the basic protocol, you will continue on with SSR 1M and 10M Kits.

LINDGREN

# PRODUCTS AT-A-GLANCE

## SSR(Series Symptom Relief): Basic Protocol

### Weeks 1-9

#### Comprehensive Homeopathic Detox Kit

This kit contains six homeopathic remedies — **CerebroMax, SpinalMax, Matrix Support Detox I, Detox II, and Detox III**—to temporarily relieve symptoms of detoxification throughout the entire body including the brain, spine, extracellular space, liver, gastrointestinal tract, bladder, kidneys and lymph. These remedies are taken in a 7-day cycle throughout the entire protocol.

#### Series Kits (2 of each are required)

Each kit contains 10 vials of varying homeopathic dilutions of the specific pathogen or nosode you have selected work with. You choose two of the same Series Kits to add to this package. The kits are taken over a 60-day course. The first kit is taken in **ascending** order (1 – 10) and the second kit in **descending** order (10 – 1).

#### Smart Silver 32 oz. (Not a colloidal silver)

Smart Silver provides immune system support throughout the protocol. It is used daily to help with any die-off (*Herxheimer*)

reactions. Smart Silver is taken daily throughout the Series Kits portion of the protocol.

#### Liposomal Vitamin C

Provides a therapeutic dose of Vitamin C in a form that ensures efficient absorption. Vitamin C is a potent antioxidant, a major factor in the body's immune response, and an enzyme cofactor vital to the production of collagen, cartilage, and blood vessels. Liposomal Vitamin C is taken daily throughout the SSR Kits portion of the protocol.

### HerX or Plus Remedy

HerX and/or associated homeopathic SSR Plus were specifically designed to help temporarily relieve clearing symptoms. These remedies are taken daily throughout the SSR Kits portion of the protocol.

#### Homochord (Not included in SSR Package)

This 1oz formula contains all of the homeopathic dilutions found in the SSR Kit in one bottle. This formula is taken as 15 drops, twice per day.

Take the homochord on the day that you do not take a vial from the SSR kit.

### Weeks 10-20

#### SSR Kit 1M (Not included in SSR Package)

Each 1M kit contains 10 vials of the 1M homeopathic dilution of the specific pathogen or nosode you have selected to work with. The 1M kits are taken once per week for 10 weeks after the initial .

#### SSR Kit 1M (Not included in SSR Package)

Each 10M kit contains 10 vials of the 10M homeopathic dilution of the specific pathogen or nosode you have selected work with. The 10M kits are taken once per week following the 1M kit for 10 weeks after the initial SSR Protocol.

# SSR: BASIC PROTOCOL

## Five Simple Components

### 1) Comprehensive Homeopathic Detox Kit

**The Comprehensive Homeopathic Detox Kit** contains six specialized homeopathic remedies — *CerebroMax*, *SpinalMax*, *Matrix Support*, *Detox I*, and *Detox II* — to temporarily relieve detoxification symptoms throughout the entire body including brain fog, fatigue, joint pain, skin irritations, anxiousness, and general malaise. Most patients with chronic infections have a high toxic load and blocked detoxification channels. In addition, because viruses, bacteria, and other pathogens can cause effects throughout the body, full-body detoxification support is an essential piece of the success of the SSR Protocol. Patients not receiving adequate detoxification support may experience more discomfort during the protocol and may also not achieve optimal results. ***The Comprehensive Homeopathic Detox Kit*** is started one week before the SSR Kits and continued throughout the protocol.

### 2) SSR Kits

One week after starting the Comprehensive Homeopathic Detox Kit, you will begin the SSR Kits portion of the protocol. DesBio currently offers several SSR Kits representing some of the most common infectious agents. The

SSR Kits are based on the homeopathic concept of nosodes. A nosode (*from nosos, the Greek word for disease*) is a homeopathic preparation or dilution made from a diseased tissue or disease-causing organism. Each SSR Kit contains 10 vials, and each vial contains a nosode in a varied homeopathic potency of the pathogen you have selected. **To complete the SSR Protocol, you need two kits or 20 vials total.** These vials are given in a strategic order, once every third day. The first kit is taken in **ascending** order (1 – 10) and the second kit in **descending** order (10 – 1).

### 3) Smart Silver

On the same day that you begin the SSR Kit, you will start Smart Silver. Smart Silver is incorporated into the protocol to support the immune system. Taken daily throughout the SSR Kit portion of the protocol, Smart Silver works synergistically with the kits in strengthening the immune response.

### 4) Liposomal Vitamin C

On the same day that you begin the SSR Kit portion of the protocol, you will start *Liposomal Vitamin C*. A daily dose of *Liposomal Vitamin C* provides ongoing immune support.

# SSR: BASIC PROTOCOL

## Week One (Days 1-7) *(Sample calendar below.)*

### Comprehensive Homeopathic Detox Kit

This kit will be continued throughout the protocol — until the bottles are empty or about 8 weeks. Drops may be taken under the tongue or combined in a large water bottle and sipped throughout the day.

### CerebroMax, SpinalMax, Matrix Support:

**Days 1 —** 15 drops twice per day or add 30 drops to 32oz of water and drink throughout the day.

**Detox I, Detox II, Detox III: Day 2—** 15 drops twice per day or add 30 drops to 32oz of water and drink throughout the day.

## Weeks 2-5 (Days 10-37)

### Comprehensive Homeopathic Detox Kit

*Continued as in days 1-7. Drops may be taken under the tongue or add 30 drops to 32oz of water and drink throughout the day.*

#### CerebroMax, SpinalMax, Matrix Support:

**Days 1** — 15 drops twice per day or add 30 drops to 32oz of water and drink throughout the day.

**Detox I, Detox II, Detox III: Day 2**— 15 drops twice per day or add 30 drops to 32oz of water and drink throughout the day.

**SSR Kit: Box 1:** Starting with Vial 1, take one vial every third day in ascending order (1-10).

### Series Plus Remedy and/or HerX:

15 drops twice per day

### Smart Silver:

Standard recommendation is 1 - 1 ½ tsp twice daily.

**Liposomal Vitamin C:** ½ tsp daily

## Weeks 6-9 (Days 38-67)

### Comprehensive Homeopathic Detox Kit

#### CerebroMax, SpinalMax, Matrix Support:

**Day 1** — 15 drops twice per day or add 30 drops to 32oz of water and drink throughout the day.

**Detox I, Detox II, Detox III: Day 2**— 15 drops twice per day or add 30 drops to 32oz of water and drink throughout the day.

#### SSR Kit:

**Box 2:** Starting with vial 10, take one vial every third day in **descending** order (10 – 1).

#### Homochord (Not included in SSR Package)

This 1oz formula contains all of the homeopathic dilutions found in the SSR Kit in one bottle. This formula is taken as 15 drops, twice per day.

Take the homochord on the day that you do not take a vial from the SSR kit.

## Weeks 10-30

After completion of the Basic SSR Protocol (*Week 1-9*) to begin the Basic SSR Protocol (*Weeks 1-9*), the next step in the DesBio SSR Program is to begin the 1M and 10M SSR Kits. ***This part of the program will take you 20 weeks to complete.***

### 1M/10M SSR Kits

The **1M and 10M Series Kits** each contain 10 vials of only the 1M or 10M potency. These stronger remedies are excellent for helping the body in temporarily relieving deep underlying symptoms. After completing the initial protocol, the **1M Series Kit** is taken at 1 vial per week for 10 weeks followed by the **10M SSR Kit** at 1 vial per week for 10 weeks.

# DESBIO SYMPTOM RELIEF

SERIES HOMEOPATHIC

## SERIES PROGRAM:

### Frequently Asked Questions

#### **What if I forget a vial?**

- If you have only missed one day, it is recommended that you take it and move forward as scheduled.
- If taking more than 1 SSR Kit, start Vial 1 of SSR Kit 1 on day 1.
- Then Take Vial 1 of SSR Kit 2 on Day 2.
- Skip a day then start again.

#### **What if I am starting to experience the following:**

- fatigue
- headache
- skin rash
- irritability
- brain fog
- flu-like symptoms
- sleep disturbances
- GI upset

*These symptoms may occur in mild-moderate nature. If moderate to severe, please contact our office.*
